Letter of support for the Project:

In bici tra Italia e Slovenia lungo la European Green Belt (IT)

S kolesom med Italijo in Slovenijo vzdolž European Green Belt (SI)

Cycling along the European Green Belt at the Italian-Slovenia border (EN)

Acronym: EGB bike trail

Dear Lino Vasinis,

We are very pleased to write this letter to support the region Friuli Venezia Giulia (dežela Furlanija Julijska Krajina) as Lead Partner in the project proposal "Cycling along the European Green Belt at the Italian-Slovenian Border". This initiative is an excellent opportunity for expanding tourism and economy in this cross-border area. This project is also very important for the valorisation of the cultural and environmental resources in the area such as the memories of the WWI and the nice cycling stream through mountains, hills and sea enhancing wine and gastronomic tourism. Both parts, the region of FVG and Slovenia are excellent destinations in this regards. We believe that the EGB project will contribute to a sustainable development of the area by expanding economic opportunities in accommodation services such as hotels, rooms, hostels and Airbnb, and by increasing the visibility of cultural and historical sites as well as contacts between tourists and locals.

As members of the TRAN Committee (Ms De Monte) and LIBE Committee (Ms Fajon) we believe that this cycling path will contribute to greater opportunities for the civil society in terms of availability to tourist destinations and to other transport services such as highways and railways including the improvement of the EGTC-GO cross border program.

Sincerely,

MEP Isabella De Monte

MEP Tanja Fajon
